Day 1, Arrive in Ushuaia:

No need to stress about missed connections or flight delays as you arrive in the southernmost city in the world with an extra day to unwind and enjoy Ushuaia's finest luxury hotel, the Arakur Resort & Spa. Relax in the infinity pool, explore the hiking trails surrounding the resort, or head out and discover the southernmost city in the world.

Day 2, Explore Ushuaia:

Explore the sights of Ushuaia, visit the museums and Argentinean leather markets, or continue relaxing at the hotel. Our evening briefing at the Arakur is your opportunity to ask questions and meet some of your fellow explorers.

Day 3, All Aboard Seaventure:

Spend your morning exploring Ushuaia or unwinding at the resort until our mid-afternoon escort to the ship. Our Expedition Team and ship staff will welcome you on board and get you settled in, followed by a safety and orientation briefing and our Captain's welcome dinner. We're on our way to Antarctica!

Day 4-5, Drake Passage:

Join our Polar Experts as they share their vast knowledge of Antarctica, from its enchanting wildlife to its bold history. Participate in our pioneering Citizen Science program or sit back and take in this fabled journey while catching glimpses of rarely seen wildlife. Keep your binoculars handy to identify the many seabirds that escort our ship as we cross the Antarctic Convergence into Antarctica's waters and noticeably cooler temperatures.

Day 6, South Shetland Islands:

Over time, the volcanic activity of the South Shetland Islands has created a geology unlike any other. Here, you can expect a spectacular display of mountains, glaciers, and wildlife including Chinstrap and Gentoo penguins; and it's not uncommon to share the water's edge with Elephant and Fur seals. Whales are often spotted as well. So, we'll settle into our Zodiacs and spend most of our day exploring. And kayakers, it's time to get your first taste of gliding just inches off the pristine Antarctic water. Whether on land or sea, in zodiac or kayak, be prepared for a fully immersive introduction to this incomparable part of the world.

Day 7-10, Exploring Antarctica:

It's time to slow our ship down, the better to explore the dreamlike world all around us and let the power of this amazing place sink in. This is your opportunity to get more intimately acquainted with Antarctica by Zodiac, kayak, snowshoe, or on a magical night of camping, as you look up at the stars or listen to the ethereal call of a nearby whale. For those engaged in our Citizen Science program, the important work of understanding and documenting this fragile environment continues. Be sure to keep your camera handy, as penguins, seals, and whale sightings are all part of this incredible experience. And a passing iceberg, its magical blue light seeming to glow from within, is something you'll want to share with friends back home.

Day 11-12, Drake Passage:

Time to leave this magical place inspired, exhausted, and most likely changed forever. We make our way north, once again crossing the legendary Drake Passage. We'll celebrate the conclusion of our expedition with a special slideshow and photography awards ceremony, then a final meal together.

Day 13, Ushuaia Disembarkation:

With huge smiles on weary, content faces, and perhaps some new friends for life, we disembark in the morning, letting you catch a flight to Buenos Aires or stay in Ushuaia for more sights and adventure.
